Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

The disclosure set forth under Item 8.01 of this report is incorporated herein by reference.

Item 8.01 Other Events.

As previously disclosed, on August 12, 2019, Gemphire Therapeutics Inc. (the “*Company*” or “*Gemphire*”) received written notice from the Nasdaq Stock Market (“*Nasdaq*”) stating that the Company no longer complied with the minimum stockholders’ equity requirement under Nasdaq Listing Rule 5550(b)(1) for continued listing on The Nasdaq Capital Market because the Company’s stockholders’ equity, as reported in the Company’s Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2019, had fallen below \$2.5 million. On September 26, 2019, the Company submitted its compliance plan to Nasdaq, explaining how the Company believes that the completion of its proposed merger with NeuroBo Pharmaceuticals, Inc. (“*NeuroBo*”), as described in the Company’s Current Report on Form 8-K dated July 25, 2019 (the “*Merger*”), will address the stockholders’ equity deficiency described in this report.

On October 4, 2019, Nasdaq notified the Company that it had determined to grant the Company an extension until February 10, 2020 to regain compliance. Under the terms of the extension, NeuroBo must receive approval of its initial listing application and the Company must consummate the Merger on or before February 10, 2020. If NeuroBo fails to receive approval of its initial listing application or the Company fails to consummate the Merger prior to February 10, 2020, Nasdaq will provide written notification to the Company that its securities will be delisted. At that time, the Company may appeal the Staff’s determination to a Listing Qualifications Panel.

The extension notification with respect to the minimum stockholders’ equity requirement has no immediate effect on the Company’s listing on The Nasdaq Capital Market, or on the previously announced notice received from Nasdaq on August 8, 2019 notifying the Company that the closing bid price for its common stock had been below \$1.00 for the last 30 consecutive business days and that the Company therefore was not in compliance with the minimum bid price requirement for continued inclusion on The Nasdaq Capital Market under Nasdaq Listing Rule 5550(a)(2) (the “*Minimum Bid Price Rule*”). Under the Nasdaq Listing Rules, the Company has until February 4, 2020 to regain compliance with the Minimum Bid Price Rule, subject to an additional extension as provided by Nasdaq Listing Rules.

There can be no assurance that the Company will be successful in implementing its plan to regain compliance with the minimum stockholders’ equity requirement, will regain compliance with the Minimum Bid Price Rule, or will otherwise be in compliance with other Nasdaq Listing Rules.

Except for the factual statements made herein, information contained in this report consists of forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks, uncertainties and assumptions that are difficult to predict. Words such as “will,” “would,” “may,” “intends,” “potential,” and similar expressions, or the use of future tense, identify forward-looking statements, but their absence does not mean that a statement is not forward-looking. Such forward-looking statements are not guarantees of performance. Actual results could differ materially from those contained in any forward-looking statement as a result of various factors, including, without limitation: the risk that the conditions to the closing of the proposed Merger with NeuroBo are not satisfied, including the failure to obtain stockholder approval for the proposed Merger in a timely manner or at all; uncertainties as to the timing of the consummation of the proposed Merger and the ability of each of Gemphire and NeuroBo to consummate the Merger; risks related to Gemphire’s ability to correctly estimate and manage its operating expenses and its expenses associated with the proposed Merger pending closing; risks related to Gemphire’s continued listing on The Nasdaq Capital Market until closing of the proposed Merger; that Gemphire may be unable to regain compliance with the minimum stockholders’ equity or minimum bid price requirements during any compliance period or in the future, or otherwise meet Nasdaq compliance standards; the risk that NeuroBo may not receive approval of its initial listing application; risks related to the failure or delay in obtaining required approvals from any governmental or quasi-governmental entity necessary to consummate the proposed Merger; risks associated with the possible failure to realize certain anticipated benefits of the proposed Merger, including with respect to future financial and operating results; unexpected costs, charges or expenses resulting from the proposed Merger; potential adverse reactions or changes to business relationships resulting from the announcement or completion of the proposed Merger; regulatory requirements or developments; changes in capital resource requirements; risks related to the inability of the combined company to obtain sufficient additional

capital to continue to advance its product candidates and its preclinical programs; and legislative, regulatory, political and economic developments. The foregoing review of important factors that could cause actual events to differ from expectations should not be construed as exhaustive and should be read in conjunction with statements that are included herein and elsewhere, including the risk factors included in Gemphire's most recent Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the Securities and Exchange Commission ("SEC"), as well as Gemphire's registration statement on Form S-4, filed with the SEC on September 3, 2019, and the preliminary proxy statement/prospectus/information statement included therein.
