Dear Stockholder:

You are cordially invited to attend the 2023 annual meeting of stockholders (the “**Annual Meeting**”) of NeuroBo Pharmaceuticals, Inc. to be held on Wednesday, June 28, 2023 at 3:00 p.m. Eastern Time.

We invite you to attend the Annual Meeting and request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may vote by proxy, via the Internet, or by mail by following the instructions provided on the proxy card or voting instruction card, and we encourage you to vote before the Annual Meeting.

The enclosed Notice of 2023 Annual Meeting of Stockholders and the Proxy Statement contain details of the business to be conducted at the Annual Meeting and information you should consider when you vote your shares.

At the Annual Meeting, the agenda includes:

- Proposal 1 - to elect two Class I directors, each to serve three-year terms until the 2026 annual meeting of stockholders and until the election and qualification of his or her successor, or such director’s earlier death, resignation, or removal;
- Proposal 2 - to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023;
- Proposal 3 - to approve an amendment to our Certificate of Incorporation to effect a reverse split of our outstanding common stock at a ratio in the range of 1-for-5 to 1-for-8 to be determined at the discretion of our Board of Directors, whereby each outstanding 5 to 8 shares would be combined, converted and changed into 1 share of our common stock, to enable us to comply with the Nasdaq Stock Market’s continued listing requirements; and
- Proposal 4 - to authorize one or more adjournments of the Annual Meeting to solicit additional proxies in the event there are insufficient votes to approve Proposal 3 described above.

The Board of Directors unanimously recommends that you vote FOR the election of each director nominee, and FOR each of Proposals 2, 3 and 4. **Your vote is important.**

To protect the health and well-being of our stockholders and employees, the Annual Meeting will be a completely virtual meeting conducted via live webcast. You will be able to attend the Annual Meeting online, vote electronically and submit your questions during the Annual Meeting by visiting www.virtualshareholdermeeting.com/NRBO2023 and entering your 16-digit control number. You will not be able to attend the Annual Meeting in person.

Even if you are planning on attending the Annual Meeting online, please promptly submit your proxy vote via the Internet or by completing, dating, signing and returning the enclosed proxy card or voting instruction card, so your shares will be represented at the Annual Meeting. Instructions on voting your shares are on the proxy materials you received for the Annual Meeting.

Sincerely,

Andrew Koven

PROXY STATEMENT FOR THE 2023 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION ABOUT THE MEETING

Our Board of Directors (the “**Board**”) solicits your proxy on our behalf for the 2023 annual meeting of stockholders (the “**Annual Meeting**”) and at any postponement or adjournment of the Annual Meeting for the purposes set forth in this Proxy Statement and the accompanying Notice of 2023 Annual Meeting of Stockholders (the “**Notice**”). The Annual Meeting will be held on June 28, 2023 at 3:00 p.m. Eastern Time, as a virtual meeting at www.virtualshareholdermeeting.com/NRBO2023.

This Proxy Statement is first being sent to stockholders on or about May _____, 2023.

References in this Proxy Statement to “we,” “us,” “the Company” and “our” refer to NeuroBo Pharmaceuticals, Inc.

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, we will consider any other matters that are properly presented for a vote at the meeting. We are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly presented for a vote at the meeting, the persons named in the proxy, who are officers of the Company, have the authority in their discretion to vote the shares represented by the proxy.

Record Date; Quorum

Only holders of record of the Company’s common stock (“**Common Stock**”) at the close of business on May 15, 2023 (the “**Record Date**”) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, _____ shares of Common Stock were outstanding and entitled to vote.

The holders of one-third of the voting power of the outstanding shares of Common Stock entitled to vote at the meeting as of the Record Date must be present by remote communication or by proxy duly authorized at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy. See “General Proxy Information – Voting Rights; Required Vote” below for additional information.

GENERAL PROXY INFORMATION

Voting Rights; Required Vote

Each holder of shares of Common Stock is entitled to one vote for each share of Common Stock held as of the close of business on the Record Date. You may vote all shares owned by you at such date, including (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee or other nominee. Appraisal rights are not applicable to any of the matters being voted on.

Stockholder of Record: Shares Registered in Your Name. If, on the Record Date, your shares of Common Stock were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting, or vote in advance through the Internet or by mail.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If, on the Record Date, your shares of Common Stock were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares of Common Stock held in street name. As a beneficial owner, you have the right to direct your broker on how to vote the shares of Common Stock held in your account, and your broker has enclosed or provided voting instructions for you to use in directing it on how to vote your shares of Common Stock. Because the brokerage firm, bank or other nominee that holds your shares is the stockholder of record, if you wish to attend the virtual meeting and vote your shares you must obtain a valid proxy from the firm that holds your shares of Common Stock giving you the right to vote the shares of Common Stock at the meeting. Please refer to the section entitled “Attending the Annual Meeting; Voting Instructions; Voting of Proxies” below.

Votes Required to Adopt Proposals. Each director will be elected by a plurality of the votes of shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote on the election of directors. This means that the two individuals nominated for election to the Board at the Annual Meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” all or any of the nominees or “WITHHOLD” your vote with respect to all or any of the nominees. You may not cumulate votes in the election of directors. Approval of Proposals 2 and 4 will be obtained if the holders of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting vote “FOR” the proposal. Approval of Proposal 3 will be obtained if the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting vote “FOR” the proposal.

A proxy submitted by a stockholder may indicate that the shares represented by the proxy are not being voted (stockholder withholding) with respect to a particular matter. In addition, a broker may not be permitted to vote on shares held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock (broker non-vote).

Not a vote cast

1 Abstain votes and proxies containing broker non-votes are counted for purposes of establishing a quorum, but are not counted in the election of directors and therefore have no effect on the election.

2 A broker non-vote occurs when a broker or other nominee submits a proxy card with respect to shares of Common Stock held in a fiduciary capacity (typically referred to as being held in “street name”), but declines to vote on a particular matter because the broker or nominee has not received voting instructions from the beneficial owner or the persons entitled to vote those shares and for which the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers.

Recommendations of the Board on Each of the Proposals Scheduled to be Voted on at the Annual Meeting

The Board unanimously recommends that you vote **FOR** the election of each director nominee in Proposal 1 and **FOR** each of Proposals 2, 3 and 4.

Attending the Annual Meeting; Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

- Vote at the Annual Meeting - to participate in the Annual Meeting, you will need the 16-digit control number included on the instructions that accompanied your proxy materials. Submitting a proxy will not prevent a stockholder from attending the Annual Meeting, revoking their earlier submitted proxy, and voting in person.
- Vote through the Internet - you may vote through the Internet. To vote by Internet, you will need to use a control number provided to you in the materials with this proxy statement and follow the additional steps when prompted. The steps have been designed to authenticate your identity, allow you to give voting instructions, and confirm that those instructions have been recorded properly.
- Vote by mail - complete, sign and date the accompanying proxy card and return it as soon as possible before the Annual Meeting in the envelope provided. If the postage-paid envelope is missing, please mail your completed proxy card to the attention of our Secretary, NeuroBo Pharmaceuticals, Inc., 200 Berkeley Street, 19th Floor, Boston, Massachusetts 02116.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions from that organization, rather than from the Company. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote on the Internet as instructed by your broker or bank.

To participate in the Annual Meeting, you will need the 16-digit control number included on the instructions that accompanied your proxy materials. If your shares of Common Stock are held in street name and you did not receive a 16-digit control number, you may gain access to and vote at the Annual Meeting by logging into your bank or brokerage firm’s website and selecting the stockholder communications mailbox to access the meeting. The control number will automatically populate. If you lose your 16-digit control number, you may join the Annual Meeting as a “Guest,” but you will not be able to vote, ask questions or access the list of stockholders as of the Record Date.

TABLE OF CONTENTS

Votes submitted through the Internet must be received by 11:59 p.m., Eastern Time, on June 27, 2023. Submitting your proxy, whether through the Internet or by mail, will not prevent a stockholder from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting in person. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it on how to vote your shares. You may either vote “FOR” both or any of the nominees to the Board, or you may withhold your vote from any nominee you specify. For Proposals 2, 3 and 4, you may vote “FOR” or “AGAINST” or “ABSTAIN” from voting. Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares of Common Stock should be voted on a particular proposal at the Annual Meeting, your shares of Common Stock will be voted in accordance with the recommendations of the Board stated above.

If you do not vote and you hold your shares of Common Stock in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described above).

If you receive more than one proxy card, your shares of Common Stock are registered in more than one name or are registered in different accounts. To make certain all of your shares of Common Stock are voted, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Your virtual attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you electronically vote again or file the proper documentation for it to be so revoked.

Expenses of Soliciting Proxies

We will pay the expenses associated with soliciting proxies. Following the original distribution and mailing of the solicitation materials, we or our agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, e-mail or otherwise. Following the original distribution and mailing of the solicitation materials, we will request brokers, custodians, nominees and other record holders to forward copies of those materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, we, upon the request of the record holders, will reimburse such holders for their reasonable expenses.

Revocability of Proxies

A stockholder of record who has given a proxy may revoke it at any time before the closing of the polls by the inspector of elections at the Annual Meeting by:

- delivering to our Secretary (by any means, including facsimile) a written notice stating that the proxy is revoked;
- signing and delivering a proxy bearing a later date;
- voting again through the Internet; or
- attending and voting at the Annual Meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares of Common Stock are held of record by a brokerage firm, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke or change any prior voting instructions.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the Annual Meeting. The preliminary voting results will be announced at the Annual Meeting and posted on our website at <https://www.neurobopharma.com/financial-information/sec-filings>. The final results will be tallied by the inspector of elections and disclosed in a Current Report on Form 8-K, which we intend to file with the Securities and Exchange Commission (the “SEC”) within four business days of the Annual Meeting.

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

We are committed to good corporate governance practices. These practices provide an important framework within which the Board and management pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, Board committee structure and functions and other policies for the governance of the Company. Our Corporate Governance Guidelines are available without charge on the investor relations section of our website at <http://neurobopharma.com> under “Investors & News-Corporate Governance-Highlights”.

Board Leadership Structure

The Board is currently chaired by Andrew Koven, who has authority, among other things, to call and preside over meetings of the Board, to set meeting agendas and to determine materials to be distributed to the Board and, accordingly, has substantial ability to shape the work of the Board.

The positions of our chairman of the Board and Chief Executive Officer are presently separated. Separating these positions allows our Interim Chief Executive Officer, Joseph Hooker, to focus on our day-to-day business, while allowing Mr. Koven to lead the Board.

Role of the Board in Risk Oversight

One of the key functions of the Board is informed oversight of our risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various standing committees of the Board that address risks inherent in their respective areas of oversight. This risk management process allows the Board to play an active role in understanding and overseeing the management of risks that our Company faces and ensures that management has the framework and processes in place to effectively and adequately monitor and manage these risks. In particular, the Board is responsible for monitoring and assessing strategic risk exposure and our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance practices, including whether they are successful in preventing illegal or improper liability-creating conduct. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Director Independence

The Common Stock is listed on the Nasdaq Capital Market (“*Nasdaq*”). Under the rules of Nasdaq, independent directors must comprise a majority of a listed company’s Board. In addition, the rules of Nasdaq require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and corporate governance committees be independent. Under the rules of Nasdaq, a director will only qualify as an “independent director” if, in the opinion of that company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Additionally, compensation committee members must not have a relationship with us that is material to the director’s ability to be independent from management in connection with the duties of a compensation committee member.

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”). In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board of directors committee: (i) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (ii) be an affiliated person of the listed company or any of its subsidiaries.

The Board has undertaken a review of the independence of each director and considered whether each director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, the Board affirmatively determined that Mark A.

TABLE OF CONTENTS

Glickman, Na Yeon (Irene) Kim, Jason Groves, Michael Salsbury, Andrew Koven, Hyung Heon Kim, D. Gordon Strickland and Douglas Swirsky, who was a member of the board through January 2022, are “independent directors” as defined under the applicable rules and regulations of the SEC and the listing requirements and rules of Nasdaq. The Board determined that Richard Kang, our former Chief Executive Officer, President, Interim Chief Financial Officer, Secretary and Treasurer, who served as a director until his resignation on March 29, 2023, was not independent. In making this determination, the Board considered the current and prior relationships that each non-employee director has with us and all other facts and circumstances that the Board deemed relevant in determining each non-employee director’s independence, including the participation by our non-employee directors, or their affiliates, in certain financing transactions by the Company and the beneficial ownership of the Common Stock by each non-employee director. See “Certain Relationships and Related-Party Transactions” and “Security Ownership of Certain Beneficial Owners and Management.”

Committees of the Board

The Board has established an audit committee, a compensation committee, and a nominating and corporate governance committee, each of which has the composition and responsibilities described below. In September 2021, the Board formed the transaction committee, consisting of four members of the Board to review the terms of license and financing agreements with Dong-A ST Co. Ltd., which were consummated in November 2022. Members serve on these committees until their resignation or until otherwise determined by the Board.

Copies of the charters for the audit, compensation and nominating and corporate governance committees are available without charge on the investor relations section of our website at <http://neurobopharma.com> under “Investors & News-Corporate Governance-Highlights”.

Audit Committee

Our audit committee is comprised of Jason Groves, Andrew Koven and D. Gordon Strickland, with Mr. Strickland serving as chair of the committee. Each member of our audit committee meets the requirements for independence under the current Nasdaq and SEC rules and regulations and is financially literate. Our audit committee is directly responsible for, among other things:

- our accounting and financial reporting processes, including our financial statement audits and the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- the qualifications, independence and performance of our independent auditors; and
- the preparation of the audit committee report to be included in our annual proxy statement.

The responsibilities and activities of the audit committee are described further in its charter.

Report of the Audit Committee

The information contained in the following report of the audit committee is not considered to be “soliciting material,” “filed” or incorporated by reference in any past or future filing by us under the Exchange Act or the Securities Act of 1933, as amended (the “**Securities Act**”) unless and only to the extent that we specifically incorporate it by reference.

The audit committee has reviewed and discussed with our management and BDO USA, LLP our audited financial statements as of and for the year ended December 31, 2022. The audit committee has also discussed with BDO USA, LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (United States) (“**PCAOB**”) and the SEC.

The audit committee has received and reviewed the written disclosures and the letter from BDO USA, LLP required by applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence, and has discussed with BDO USA, LLP its independence.

TABLE OF CONTENTS

Based on the review and discussions referred to above, the audit committee recommended to the Board that the audited financial statements as of and for the year ended December 31, 2022 be included in our annual report on Form 10-K for the year ended December 31, 2022 for filing with the SEC.

Andrew Koven

Compensation Committee

Our compensation committee is currently comprised of Hyung Heon Kim, Na Yeon (Irene) Kim and Michael Salsbury, with Mr. Salsbury serving as chair of the committee. Each member of our compensation committee meets the requirements for independence under the current Nasdaq and SEC rules and regulations. Our compensation committee is responsible for, among other things:

- evaluating, recommending, approving and reviewing executive officer and director compensation arrangements, plans, policies and programs;
- administering our cash-based and equity-based compensation plans; and
- making recommendations to the Board regarding any other Board responsibilities relating to executive compensation.

The executive officer compensation program is substantially based on decisions made by the compensation committee, in consultation with certain members of management. Compensation determinations for the executive officers are made based on historical practice, Company and individual performance and benchmarking compensation of similar positions at peer group companies.

The compensation committee may form and delegate its authority to subcommittees as appropriate. The responsibilities and activities of the compensation committee are described further in its charter.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Jason Groves, Hyung Heon Kim and Andrew Koven, with Mr. Kim serving as chair of the committee. Each member of our nominating and corporate governance committee meets the requirements for independence under the current Nasdaq and SEC rules and regulations. Our nominating and corporate governance committee is responsible for, among other things:

- identifying, considering and recommending candidates for membership on the Board;
- overseeing the process of evaluating the performance of the Board; and
- advising the Board on other corporate governance matters.

The responsibilities and activities of the nominating and corporate governance committee are described further in its charter.

Code of Business Conduct and Ethics

The Board has adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer and other executive officers, as applicable. We intend to disclose future amendments to certain provisions of our code of business conduct and ethics, or waivers of these provisions, on our website. The full text of our code of conduct is posted on the investor relations section of our website at <http://neuropharma.com> under "Investors & News-Corporate Governance-Highlights".

Board and Committee Meetings and Attendance

The Board and some of its committees meet throughout the year and also hold special meetings. During 2022, the Board held four meetings; the audit committee held four meetings; the transaction committee held 32 meetings; and neither the compensation committee nor the nominating and corporate governance committee held any meetings, in each case, including telephonic meetings. The Board and its committees also act by written consent from time to

[TABLE OF CONTENTS](#)

time. During 2022, none of the directors serving attended fewer than 75% of the aggregate of the total number of meetings held by the Board during his or her tenure and the total number of meetings held by all committees of the Board on which such director served during his or her tenure.

Board Attendance at Annual Stockholders' Meeting

Directors are requested to attend the Annual Meeting, either in person or telephonically. All of the directors then serving attended the 2022 Annual Meeting.

Communication with Directors

Stockholders and interested parties who wish to communicate with the Board, non-management members of the Board as a group, a committee of the Board or a specific member of the Board (including our Chairman) may do so by letters addressed to the attention of our Secretary, NeuroBo Pharmaceuticals, Inc., 200 Berkeley Street, 19th Floor, Boston, Massachusetts 02116.

All communications by letter addressed to the attention of our Secretary will be reviewed by the Secretary and provided to the members of the Board unless such communications are unsolicited items, sales materials and other routine items and items unrelated to the duties and responsibilities of the Board.

Considerations in Evaluating Director Nominees

The nominating and corporate governance committee reviews and makes recommendations to the Board, from time to time, regarding the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board, the operations of the Company and the long-term interests of stockholders. The nominating and corporate governance committee does not have any specific minimum qualifications that director nominees must have in order to be considered to serve on the Board. The nominating and corporate governance committee does not have a specific diversity policy underlying its nomination process, although it seeks to ensure the Board includes directors with diverse backgrounds, qualifications, skills and experience relevant to the Company's business.

In the case of an incumbent director whose term of office is set to expire, the nominating and corporate governance committee considers such director's overall service to the Company during his or her term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such director's independence. Generally, the committee will re-nominate incumbent directors who continue to satisfy the committee's criteria for membership on the Board, continue to make important contributions to the Board and consent to continue their service on the Board.

If a vacancy on the Board occurs or the Board increases in size, the nominating and corporate governance committee will actively seek individuals that satisfy the committee's criteria for membership on the Board, and the committee may rely on multiple sources for identifying and evaluating potential nominees, including referrals from our current directors and management. The Board may engage search firms or other third parties in connection with identifying and evaluating Board nominee candidates.

Stockholder Recommendations for Nominations to the Board of Directors

The nominating and corporate governance committee will consider properly submitted stockholder recommendations for candidates for the Board so long as such recommendations are sent on a timely basis and are otherwise in accordance with our Third Amended and Restated Certificate of Incorporation (the “**Certificate of Incorporation**”), our Second Amended and Restated Bylaws and applicable law. A stockholder of record can nominate a candidate for election to the Board by complying with the procedures in Article I, Section 5 of our Second Amended and Restated Bylaws and applicable law. Any eligible stockholder who wishes to submit a nomination should review the requirements in the Second Amended and Restated Bylaws on nominations by stockholders. Any nomination should be sent in writing to our Secretary, NeuroBo Pharmaceuticals, Inc., 200 Berkeley Street, 19th Floor, Boston, Massachusetts, 02116.

See “Additional Information-Stockholder Proposals to be Presented at Next Annual Meeting” for additional information. The committee will evaluate nominees recommended by stockholders against the same criteria that it uses to evaluate other nominees.

Employee, Officer, and Director Hedging

We do not have a hedging policy for our employees, officers, and directors at this time.

**PROPOSAL 1
ELECTION OF CLASS I DIRECTORS**

The Board is divided into three classes. Members of each class serve staggered three-year terms. Directors in Class I will stand for election at the Annual Meeting. The terms of office of directors in Class II and Class III do not expire until the annual meetings of stockholders to be held in 2024 and 2025, respectively. The Board currently consists of seven members. Based on the recommendation of the nominating and corporate governance committee of the Board, the Board has re-nominated Na Yeon (Irene) Kim and D. Gordon Strickland for election as Class I directors to serve for three-year terms ending at the 2026 annual meeting or until their successors are elected and qualified.

Each of Ms. Kim and Mr. Strickland has consented to serve if elected. If either of them should become unavailable, the Board may designate a substitute nominee. In that case, the proxy holder named as proxy in the accompanying proxy card will vote for the Board’s substitute nominee and make appropriate disclosures. Alternatively, the Board may leave the position vacant.

Each director will be elected by a plurality of the votes present in person or represented by proxy at the meeting and entitled to vote. This means that the two individuals nominated for election to the Board at the Annual Meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” all or any of the nominees or “WITHHOLD” your vote with respect to all or any of the nominees. You may not cumulate votes in the election of directors. Shares represented by proxies will be voted “FOR” the election of each of the Class I nominees, unless the proxy is marked to withhold authority to so vote. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board. In the alternative, the proxies may vote only for the remaining nominees, leaving a vacancy on the Board. The Board may fill such vacancy at a later date or reduce the size of the Board. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director. Additional information regarding the directors and director nominees of the Company is set forth below.

In January 2022, the compensation committee recommended and the Board approved the Company's Amended and Restated Non-Employee Director Compensation Policy (the "**Amended Non-Employee Director Compensation Policy**"). Under the Amended Non-Employee Director Compensation Policy, all of our non-employee directors receive an annual cash retainer of \$40,000 for Board service except for the Chair of the Board who receives an annual cash retainer of \$75,000. A lead independent director, if applicable, would receive a total of \$60,000. In addition, directors receive an additional cash retainer for serving as a committee chair or member as follows:

	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Committee Chair	\$18,000	\$12,000	\$8,000

The New Hire Option granted to Dr. Price had an exercise price per share equal to the closing price of the Common Stock on the Grant Date.

Recent Transactions with Dong-A ST Co., Ltd.

License Agreement

On September 14, 2022, we entered into a License Agreement with Dong-A ST Co., Ltd. ("**Dong-A**") pursuant to which, subject to the conditions set forth therein, we would receive an exclusive global license (other than in the Republic of Korea) to two proprietary compounds for specified indications (the "**2022 License Agreement**"). The 2022 License Agreement covers the rights to a compound referred to as DA-1241 for treatment of nonalcoholic steatohepatitis ("NASH") and a compound referred to as DA-1726 for treatment of obesity and NASH. We may also develop DA-1241 for the treatment of Type 2 diabetes. The 2022 License Agreement became effective on November 8, 2022. As of March 24, 2023, Dong-A was the beneficial owner of more than 5% of our Common Stock.

Under the terms of the 2022 License Agreement, Dong-A: (i) received an upfront payment of 2,200 shares of Series A Preferred Stock under the terms of the Securities Purchase Agreement (as defined below); (ii) is eligible to receive single digit royalties on net sales received by us from the commercial sale of products covering DA-1241 or DA-1726; (iii) is eligible to receive commercial-based milestone payments, dependent upon the achievement of specific commercial developments; and (iv) is eligible to receive regulatory milestone payments of up to \$178 million for DA-1726 and \$138 million for DA-1241, dependent upon the achievement of specific regulatory developments.

Securities Purchase Agreement

On September 14, 2022, in connection with the 2022 License Agreement, we entered into a Securities Purchase Agreement with Dong-A (the "**Securities Purchase Agreement**"). Pursuant to the Securities Purchase Agreement, upon the consummation of the 2022 License Agreement and a Qualified Financing (as defined in the Securities Purchase Agreement), which occurred on November 8, 2022, (i) Dong-A received the Upfront License Payment (as defined therein) and (ii) Dong-A purchased 1,500 shares of Series A Preferred Stock and the warrants to purchase 10,000,000 shares of Common Stock.

On December 22, 2022, our stockholders approved the conversion of the Series A Preferred Stock and the exercise of the Dong-A Warrants and all of the Series A Preferred Stock converted into 12,333,333 shares of the Common Stock.

Shared Services Agreement

On September 14, 2022, in connection with the 2022 License Agreement, the Company and Dong-A entered into a Shared Services Agreement (the "**Shared Services Agreement**"). The Shared Services Agreement provides that Dong-A provides technical support, pre-clinical development, and clinical trials support services in exchange for payment to Dong-A as set forth therein. In addition, the Shared Services Agreement provides that Dong-A will manufacture all of our clinical requirements of DA-1241 and DA-1726 under the terms provided in the Shared Services Agreement.

Either party may terminate the Shared Services Agreement for the other party's material breach that is not cured within 30 days of notice. Dong-A may also terminate the Shared Services Agreement in part on a service-by-service or product-by-product basis upon a breach by us which is not cured within 30 days.

Registration Rights Agreement

In connection with the Securities Purchase Agreement, on September 14, 2022, we entered into a registration rights agreement with Dong-A and the other selling stockholders party thereto (the "**Registration Rights Agreement**"). The Registration Rights Agreement provides Dong-A with demand and piggyback registration rights,

including the right to two long-form registration statements. In addition, we agreed to file, within 30 days following the stockholder approval of the conversion of the Series A Preferred Stock (“**Stockholder Approval**”), which occurred on December 22, 2022, a registration statement to: (i) register the shares of Common Stock issuable upon the conversion of the Series A Preferred Stock; (ii) register the shares of Common Stock issuable upon the exercise of the warrants; and (iii) register any other Common Stock held by the parties to the Registration Rights Agreement (the “**Registrable Securities**”); and to use commercially reasonable efforts to cause each registration statement to be declared effective under the Securities Act, as promptly as possible after the filing thereof, but in any event no later than the 60th day after Stockholder Approval (or in case the SEC reviews the registration statement, the 90th date after Stockholder Approval); provided that if we are notified that the registration statement is not being reviewed or is no longer subject to comment, we are required to make the registration statement effective by the fourth trading day after such date. We agreed to use our commercially reasonable efforts to keep such registration statement continuously effective under the Securities Act until the date that all Registrable Securities covered by such registration statement have been sold or are otherwise able to be sold pursuant to Rule 144.

Investor Rights Agreement

On September 14, 2022, we entered into an investor rights agreement with Dong-A (the “**Investor Rights Agreement**”) pursuant to which, following the conversion of the Series A Preferred Stock into Common Stock, Dong-A will have the right, subject to the terms thereof, to designate for appointment to the Board that number of directors commensurate with Dong-A’s and its affiliates’ beneficial ownership of the Common Stock, with the number of directors that Dong-A is entitled to designate rounded up to the nearest whole number (the “**DA Designees**”). To the extent necessary to permit the designation of the DA Designees, the size of the Board shall be increased to that number of directors that would permit Dong-A to designate a number of directors to fill the vacancies created thereby that is commensurate with Dong-A’s and its affiliates’ collective beneficial ownership of the Common Stock outstanding at such time (taking into account any DA Designees already serving on the Board at such time). The compensation (including equity-based compensation) and rights to indemnity of, and reimbursement of expenses incurred by, the DA Designees that are members of the Board will be the same as those provided to other non-employee directors generally. When evaluating a prospective DA Designee for membership on the Board, the Board and the nominating and corporate governance committee shall apply the same review processes and standards as each of them, respectively, applies to other prospective non-employee directors generally.

In addition, the Investor Rights Agreement provides for a customary standstill for nine months following the conversion of the Series A Preferred Stock to Common Stock. Furthermore, for so long as Dong-A has the right to designate any DA Designee to the Board, Dong-A will vote their shares of the Common Stock in favor of any Company Director (as defined in the Investor Rights Agreement) or any nominee designated by the nominating and corporate governance committee of the Board and against the removal of any Director, in each case, at any meeting of the stockholders.

Manufacturing Agreement with Dong-A

On September 28, 2018, our predecessor entered into a five year manufacturing and supply agreement with Dong-A for manufacturing and supply of NB-01 drug substance and placebos for the purpose of research and development to be used in Phase 3 clinical trials (the “**Manufacturing Agreement**”). Under the terms of the Manufacturing Agreement, Dong-A has agreed to produce for NeuroBo a specified number of tablets of the NB-01 drug substance and placebos at a supply price to be determined at the time of each individual order. In addition, prices were set for stability testing of the NB-01 drug substance and placebo. The Company incurred no such expenses for the years ended December 31, 2022 and 2021.

The Manufacturing Agreement will automatically terminate in the event that the license agreement with Dong-A is terminated for any reason. In addition, each of Dong-A and the Company may terminate the Manufacturing Agreement (1) upon the material breach by the other party, if the breach is not cured within a specified number of days after receiving notice from the terminating party, or if the breach cannot reasonably be cured within such period and the breaching party has not started to remedy the breach within such period and diligently endeavored to cure the breach within a reasonable time thereafter, or (2) in the event that (i) the other party is the subject of a petition for bankruptcy, reorganization, or arrangement and the same is not dismissed within thirty days thereof, (ii) a receiver or trustee is appointed for all or a substantial portion of the assets of the other party, or (iii) the other party makes an assignment for the benefit of its creditors.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has appointed BDO USA, LLP as the independent registered public accounting firm to audit the Company’s consolidated financial statements for the year ending December 31, 2023.

At the Annual Meeting, the stockholders are being asked to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023. Our audit committee is submitting the selection of BDO USA, LLP to our stockholders because we value our stockholders’ views on our independent registered public accounting firm and as a matter of good corporate governance. If this proposal does not receive the affirmative approval of a majority of the votes cast on the proposal, the audit committee would reconsider the appointment. Notwithstanding its selection and even if our stockholders ratify the selection, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in our best interests and the interests of our stockholders.

Representatives of BDO USA, LLP are expected to be present at the Annual Meeting by remote communication. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Service Fees Paid to the Independent Registered Public Accounting Firms

The audit committee has considered the scope and fee arrangements for all services provided by BDO USA, LLP, taking into account whether the provision of non-audit-related services is compatible with maintaining BDO USA, LLP’s independence. The following table presents fees for professional audit services rendered by BDO USA, LLP for the audit of the annual financial statements for the years ended December 31, 2022 and 2021.

FEE CATEGORY	FISCAL YEAR 2022	FISCAL YEAR 2021
Audit fees	\$677,037	\$343,034
Audit-related fees	\$ —	\$ —
Tax fees	\$ —	\$ —
All other fees	\$ —	\$ —
Total fees	\$677,037	\$343,034

Audit fees consist of fees billed for services relating to the audit of our annual financial statements and review of our quarterly financial statements, services that are normally provided in connection with statutory and regulatory filings or engagements, comfort letters, reports on an issuer’s internal controls, and review of documents to be filed with the SEC (e.g. periodic filings, registration statements, and company responses to SEC comment letters).

Audit-related fees are related to other assurance and related services that are traditionally performed by an independent accountant such as employee benefit plan audits, due diligence related to mergers and acquisitions, accounting assistance and audits in connection with proposed or consummated acquisitions, attest services that are not required by statute or regulation, and consultations concerning proposed accounting and reporting standards.

Tax fees relate to permissible services for technical tax advice related to federal and state income tax matters.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee generally pre-approves all audit and permitted non-audit and tax services provided by the independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Our audit committee may also pre-approve particular services on a case-by-case basis. All of the services relating to the fees described in the table above were approved by our audit committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF PROPOSAL 2.

PROPOSAL 3

APPROVAL OF A PROPOSED AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE SPLIT OF OUR OUTSTANDING COMMON STOCK

General

The Board has unanimously approved an amendment to the Certificate of Incorporation to effect a reverse split of the Common Stock any time prior to the first anniversary of its approval by the stockholders at a ratio in the range of 1-for-5 to 1-for-8, to be determined at the discretion of the Board, whereby each outstanding 5 to 8 shares would be combined, converted and changed into 1 share of the Common Stock. A form of the certificate of amendment to the Certificate of Incorporation for the reverse stock split (the “**Reverse Stock Split Certificate of Amendment**”) is attached hereto as [Appendix A](#). The following discussion is qualified in its entirety by the full text of the Reverse Stock Split Certificate of Amendment, which is incorporated herein by reference.

The Board has recommended that the proposed Reverse Stock Split Certificate of Amendment to effect the reverse stock split be presented to the Company’s stockholders for approval. If the Reverse Stock Split Certificate of Amendment is approved by holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting, the Board will have discretion to determine, as it deems to be in the best interest of the Company’s stockholders, the specific ratio to be used within the range described above and the timing of the reverse stock split, which must occur any time prior to the first anniversary of its approval by the stockholders. The Board believes that stockholder approval of the range of reverse stock split ratios (as opposed to approval of a single reverse stock split ratio) provides the Board with maximum flexibility to achieve the purpose of a reverse stock split, as discussed below, and therefore is in the best interests of the Company and its stockholders.

The Board may, in its discretion, determine not to effect the reverse stock split if it determines, subsequent to obtaining stockholder approval, that such action is not in the best interests of the Company. By voting in favor of the reverse stock split, you are expressly authorizing the Board to determine not to proceed with, and abandon, the reverse stock split if it should so decide.

Reasons for the Reverse Stock Split

The Common Stock is traded on the Nasdaq under the symbol “NRBO.”

For the Common Stock to continue trading on the Nasdaq, we must comply with various listing standards, including that the Common Stock maintain a minimum bid price of \$1.00 per share, as set forth in Nasdaq Listing Rule 5550(a)(2) (the “**Minimum Bid Price Requirement**”). The closing price of the Common Stock on the Nasdaq on [___], 2023 was \$[___] per share and, over the prior 52 weeks, the closing price of the Common Stock has ranged from \$[___] to \$[___] per share.

As previously disclosed, on February 8, 2023, we received a letter (the “**Notice**”) from the Listing Qualifications Staff of the Nasdaq indicating that, based on the closing bid price of the Common Stock for the 30 consecutive business days preceding the Notice, the Company no longer meets the Minimum Bid Price Requirement. The Notice has no effect on the listing of the Common Stock at this time, and the Common Stock continues to trade on the Nasdaq under the symbol “NRBO.” In accordance with Nasdaq Listing Rule 5810(c)(3) (A), the Company was provided a period of 180 calendar days in which to regain compliance.

The Notice further stated that if compliance with the Minimum Bid Price Requirement cannot be demonstrated by the end of the compliance period, the Company may be eligible for a second 180-day period to regain compliance. If the Company qualifies for such extension, the Company expects to submit a request to the Nasdaq for a 180-day extension to regain compliance with the Minimum Bid Price Requirement under the Nasdaq Listing Rules. If we do not regain compliance with the Minimum Bid Price Requirement by the end of the compliance period (either on an initial or an extended basis) the Common Stock will be subject to delisting. At such time, the Company may appeal the Nasdaq’s delisting determination.

The Board is asking the stockholders to grant it the authority, at its discretion, to effect a reverse stock split, which the Board believes is an effective way to increase the minimum bid price of the Common Stock proportionately by reducing the number of outstanding shares of Common Stock and put us in a position to regain compliance with Nasdaq Listing Rule 5550(a)(2). The Board further believes that the increased market price of the Common Stock expected as a result of implementing the reverse stock split may improve marketability and liquidity of the Common Stock and may encourage trading.

In evaluating whether or not to recommend that stockholders authorize the reverse stock split, in addition to the considerations described above, the Board took into account various negative factors associated with a reverse stock split. These factors include: the negative perception of reverse stock splits held by some investors, analysts, and other stock market participants; the fact that the stock price of some companies that have effected reverse stock splits has subsequently declined, with a corresponding decline in market capitalization; the adverse effect on liquidity that might be caused by a reduced number of shares outstanding; and the costs associated with implementing a reverse stock split. Conversely, we believe the current low market price of the Common Stock impairs its acceptability to important segments of the institutional investor community and the investing public. Many investors look upon low-priced stock as unduly speculative in nature and, as a matter of policy, avoid investment in such stocks. We believe that the low market price of the Common Stock has reduced the effective marketability of our shares because of the reluctance of many brokerage firms to recommend low-priced stock to their clients. Further, a variety of brokerage house policies and practices tend to discourage individual brokers within those firms from dealing in low-priced stocks. Some of those policies and practices pertain to the payment of brokers' commissions and to time-consuming procedures that function to make the handling of low-priced stocks unattractive to brokers from an economic standpoint. In addition, the structure of trading commissions also tends to have an adverse impact upon holders of low-priced stock because the brokerage commission on a sale of low-priced stock generally represents a higher percentage of the sales price than the commission on a relatively higher-priced issue.

The Board believes that maintaining the listing of the Common Stock on the Nasdaq is in the best interests of the Company and its stockholders. The Board believes that the delisting of the Common Stock from the Nasdaq would impair our ability to raise additional funds and result in lower prices and larger spreads in the bid and ask prices for the Common Stock, among other things. See "Certain Risk Factors Associated with the Reverse Stock Split or Nasdaq Delisting" below for more information.

Determination of the Reverse Stock Split Ratio

The Board only intends to implement the reverse stock split to the extent it believes necessary to maintain the Company's listing on the Nasdaq. In determining the ratio to be used, the Board will consider various factors, including but not limited to:

- the potential impact and anticipated benefits to the Company and its stockholders;
- market conditions and existing and expected market price of the Common Stock at such time;
- existing and expected marketability of the Common Stock;
- the number of shares that will be outstanding after the reverse stock split;
- the stockholders' equity at such time; and
- the trading volume of the Common Stock at such time.

In addition, in 2020, the SEC approved a previously proposed Nasdaq rule change to expedite delisting of securities with a closing bid price at or below \$0.10 for 10 consecutive trading days during any bid price compliance period and that have had one or more reverse stock splits with a cumulative ratio of 1 for 250 or more shares over the prior two-year period. In addition, if a company falls out of compliance with the \$1.00 minimum bid price after completing reverse stock splits over the immediately preceding two years that cumulatively result in a ratio of 1 for 250 shares, the company will not be able to avail itself of any bid price compliance periods under Rule 5810(c)(3) (A), and Nasdaq will instead require the issuance of a Nasdaq Staff delisting determination. The company could appeal the determination to a hearings panel, which could grant the company a 180-day exception to remain listed if it believes the company would be able to achieve and maintain compliance with the bid price requirement. Following the exception, the company would be subject to the procedures applicable to a company with recurring deficiencies (Nasdaq Rule 5815(d)(4)(B)).

Impact of the Reverse Stock Split, if Implemented

The Certificate of Incorporation currently authorizes the issuance of 100,000,000 shares of Common Stock, par value \$0.001 per share. On April 30, 2023, the Company had: 27,176,685 shares of Common Stock issued and outstanding, 40,272 shares of Common Stock issuable upon the exercise of outstanding options, 13,458,576 shares of Common Stock issuable upon the exercise of outstanding warrants and 5,087,721 shares of Common Stock reserved for future issuance under the Plan and the Company's 2021 Inducement Plan (the "**Inducement Plan**").

TABLE OF CONTENTS

As a matter of Delaware law, the implementation of a reverse stock split does not require a reduction in the total number of authorized shares. If the Company's stockholders adopt and approve the Reverse Stock Split Certificate of Amendment and the reverse stock split is implemented by the Company, the authorized number of shares of the Common Stock would not be reduced by the reverse stock split ratio determined by the Board.

If approved and effected, the reverse stock split will automatically apply to all shares of the Common Stock, and each stockholder will own a reduced number of shares of the Common Stock. However, except for adjustments that may result from the treatment of fractional shares, as described below, or as a result of adjustments to the conversion prices of certain convertible securities, as described below, the reverse stock split will not affect any stockholder's percentage ownership or proportionate voting power.

Based on the Company's capitalization as of April 30, 2023, the principal effect of the reverse stock split (at a ratio between 1-for-5 and 1-for-8), not taking into account the treatment of fractional shares described under "- Procedure for Effecting the Reverse Stock Split-Treatment of Fractional Shares" below, would be that:

- the number of shares of the Common Stock issued and outstanding would be reduced from 27,241,685 shares to between approximately 3,405,210 shares and 5,448,337 shares;
- the number of shares of the Common Stock issuable upon the exercise of outstanding stock options would be reduced from 40,272 to between approximately 5,034 shares and 8,054 shares (and the respective exercise prices of the options would increase by a factor equal to the inverse of the split ratio);
- the number of shares of the Common Stock issuable upon the exercise of outstanding warrants would be reduced from 13,458,576 to between approximately 1,682,322 shares and 2,691,715 shares (and the respective exercise prices of the warrants would increase by a factor equal to the inverse of the split ratio);
- the aggregate number of shares of the Common Stock reserved for issuance, in connection with future awards under the Plan and the Inducement Plan would be reduced from 5,087,721 to between approximately 635,965 shares and 1,017,544 shares;
- the number of shares of the authorized Common Stock would remain unchanged at 100,000,000 shares;
- the 10,000,000 shares of the Company's authorized preferred stock would remain unchanged; and
- the number of shares of the Common Stock that are authorized, but unissued and unreserved, would increase from 54,171,746 to between approximately 90,834,350 shares and 94,271,469 shares; and the par value of the Common Stock and the Company's preferred stock would remain unchanged at \$0.001 per share, and, as a result, the stated capital attributable to Common Stock on the Company's balance sheet would be reduced proportionately based on the reverse stock split ratio, the additional paid-in capital account would be credited with the amount by which the stated capital is reduced, and the per-share net income or loss and net book value of the Common Stock would be restated because there would be fewer shares of Common Stock outstanding.

The following table contains approximate information relating to the Common Stock immediately following the reverse stock split under certain possible exchange ratios, based on share information as of April 30, 2023. All share numbers are rounded down to the nearest whole share but otherwise do not reflect the potential effect of rounding down for fractional shares that may result from the reverse stock split.

	Pre-Reverse Split	1-for-5	1-for-8
Number of authorized shares of Common Stock	100,000,000	100,000,000	100,000,000
Number of outstanding shares of Common Stock	27,241,685	5,448,337	3,405,210

See also “Certain Risk Factors Associated with the Reverse Stock Split or Nasdaq Delisting” and “-Procedure for Effecting the Reverse Stock Split-Treatment of Fractional Shares” below for additional information regarding the potential impact of the reverse stock split.

Anti-Takeover and Dilutive Effects

The number of authorized shares of the Common Stock and preferred stock will not be reduced as a result of the reverse stock split. The Common Stock and preferred stock that is authorized but unissued provide the Board with flexibility to effect, among other transactions, public or private financings, acquisitions, stock dividends, stock splits and the granting of equity incentive awards. However, these authorized but unissued shares may also be used by the Board, consistent with and subject to its fiduciary duties, to deter future attempts to gain control of us or make such actions more expensive and less desirable. Following the reverse stock split, the Board would continue to have the authority to issue additional shares from time to time without further action by the stockholders except as may be required by applicable law or regulations. The Reverse Stock Split Certificate of Amendment is not being recommended in response to any specific effort of which we are aware to obtain control of us, nor does the Board have any present intent to use the authorized but unissued Common Stock or preferred stock to impede a takeover attempt.

Certain Risk Factors Associated with the Reverse Stock Split or Nasdaq Delisting

A reverse stock split may negatively impact the market for the Common Stock.

Factors such as our financial results, market conditions and the market perception of our business may adversely affect the market price of the Common Stock. As a result, there can be no assurance that the total market capitalization of the Common Stock after the proposed reverse stock split will be equal to or greater than the total market capitalization before the proposed reverse stock split or that the per share market price of the Common Stock following the reverse stock split will increase in proportion to the reduction in the number of shares of Common Stock outstanding before the reverse stock split. A decline in the market price of the Common Stock after the reverse stock split may result in a greater percentage decline than would occur in the absence of a reverse stock split, and the liquidity of the Common Stock could be adversely affected following such a reverse stock split.

In addition, the reverse stock split may increase the number of stockholders who own odd lots (less than 100 shares). Any stockholder who owns fewer than 500 to 800 shares of Common Stock, depending on the final ratio, prior to the reverse stock split will own fewer than 100 shares of Common Stock following the reverse stock split. Stockholders who hold odd lots typically experience an increase in the cost of selling their shares and may have greater difficulty in effecting sales. Furthermore, some stockholders may cease being stockholders of the Company following the reverse stock split. Any stockholder who owns fewer than 5 to 8 shares of Common Stock, depending on the final ratio, prior to the reverse stock split will own less than one share of Common Stock following the reverse stock split and therefore such stockholder will receive cash equal to the market value of such fractional share and cease being a stockholder of the Company, as further described below under “-Procedure for Effecting the Reverse Stock Split-Treatment of Fractional Shares”.

The market price of the Common Stock will also be based on our performance and other factors, including those factors listed under the heading “Risk Factors” and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2022, Quarterly Report on Form 10-Q for the quarter ended March 31, 2023 and other reports that we file with the SEC. There can also be no assurance that the minimum bid price per share of the Common Stock will remain in excess of \$1.00 following the reverse stock split for a sustained period of time, if at all.

We are not currently in compliance with the continued listing requirements for Nasdaq. If the price of the Common Stock continues to trade below \$1.00 per share for a sustained period or we do not meet other continued listing requirements, the Common Stock may be delisted from the Nasdaq, which could affect the market price and liquidity for the Common Stock and reduce our ability to raise additional capital.

On February 8, 2023, we received written notice (the “**Notification Letter**”) from The Nasdaq Stock Market LLC (the “**Nasdaq Stock Market**”) notifying us that the Company was not in compliance with the minimum bid price requirements set forth in Nasdaq Listing Rule 5550(a)(2) for continued listing on the Nasdaq. Nasdaq Listing Rule 5550(a)(2) requires listed securities maintain a minimum closing bid price of \$1.00 per share, and Nasdaq Listing Rule 5810(c)(3)(A) provides that a failure to meet the minimum closing bid price requirement exists if the deficiency continues for a period of 30 consecutive business days. Based on the closing bid price of the Common Stock for the 30 consecutive business days prior to the date of the Notification Letter, the Company did not meet the minimum closing

bid price requirement. To regain compliance, the closing bid price of the Common Stock must be at least \$1.00 per share for a minimum of 10 consecutive business days at any time prior to August 7, 2023.

We continue to monitor the closing bid price of the Common Stock and consider our available options to resolve our noncompliance with the Minimum Bid Price Requirement. There can be no assurance that we will be able to regain compliance with the Minimum Bid Price Requirement or we will otherwise be in compliance with other Nasdaq listing criteria. If we fail to regain compliance with the Minimum Bid Price Requirement or to meet the other applicable continued listing requirements for the Nasdaq in the future, Nasdaq may delist the Common Stock.

Delisting from the Nasdaq could adversely affect our ability to raise additional financing through the public or private sale of equity securities, would significantly affect the ability of investors to trade our securities and would negatively affect the value and liquidity of the Common Stock. Delisting could also have other negative results, including the potential loss of confidence by employees, the loss of institutional investor interest and fewer business development opportunities. If the Common Stock is delisted by the Nasdaq, the price of the Common Stock may decline, and the Common Stock may be eligible to trade on the OTC Bulletin Board, another over-the-counter quotation system, or on the pink sheets where an investor may find it more difficult to dispose of their Common Stock or obtain accurate quotations as to the market value of the Common Stock. Further, if we are delisted, we would incur additional costs under requirements of state “blue sky” laws in connection with any sales of our securities. These requirements could severely limit the market liquidity of the Common Stock and the ability of our stockholders to sell the Common Stock in the secondary market.

In addition, if the Common Stock is delisted from the Nasdaq and the trading price remains below \$5.00 per share, trading in the Common Stock might also become subject to the requirements of certain rules promulgated under the Exchange Act, which require additional disclosure by broker-dealers in connection with any trade involving a stock defined as a “penny stock” (generally, any equity security not listed on a national securities exchange or quoted on Nasdaq that has a market price of less than \$5.00 per share, subject to certain exceptions).

If we seek to implement a reverse stock split to remain listed on the Nasdaq, the announcement or implementation of a reverse stock split could significantly negatively affect the price of the Common Stock. Additionally, in 2020, the SEC approved a previously proposed Nasdaq Stock Market rule change to expedite delisting of securities with a closing bid price at or below \$0.10 for 10 consecutive trading days during any bid price compliance period and that have had one or more reverse stock splits with a cumulative ratio of 1 for 250 or more shares over the prior two-year period. In addition, if a company falls out of compliance with the \$1.00 minimum bid price after completing reverse stock splits over the immediately preceding two years that cumulatively result in a ratio of 1 for 250 shares, the company will not be able to avail itself of any bid price compliance periods under Rule 5810(c)(3)(A), and the Nasdaq Stock Market will instead require the issuance of a Nasdaq Staff delisting determination. The company could appeal the determination to a hearings panel, which could grant the company a 180-day exception to remain listed if it believes the company would be able to achieve and maintain compliance with the bid price requirement. Following the exception, the company would be subject to the procedures applicable to a company with recurring deficiencies (Nasdaq Rule 5815(d)(4)(B)).

We continue to actively monitor our performance with respect to the listing standards and are considering available options to resolve the deficiency and regain compliance with the Nasdaq rules. There can be no assurance that we will be able to regain compliance with any deficiency, or maintain compliance even if we implement an option that regains our compliance.

A reverse stock split would increase our authorized but unissued shares of Common Stock, which could negatively impact a potential investor if they purchased shares of Common Stock.

Because the number of authorized shares of the Common Stock will not be reduced proportionately, the reverse stock split will increase the Board’s ability to issue authorized and unissued shares without further stockholder action. The issuance of additional shares of Common Stock or securities convertible into Common Stock may have a dilutive effect on earnings per share and relative voting power and may cause a decline in the trading price of the Common Stock. The Company could use the shares that are available for future issuance in dilutive equity financing transactions, or to oppose a hostile takeover attempt or delay or prevent changes in control or changes in or removal of management, including transactions that are favored by a majority of the stockholders or in which the stockholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner.

Procedure for Effecting the Reverse Stock Split

When and if the Board decides to implement the reverse stock split at any time before the first anniversary of its approval by the stockholders, the Company will promptly file the Reverse Stock Split Certificate of Amendment with the Secretary of State of the State of Delaware to amend its existing Certificate of Incorporation. The reverse stock split will become effective upon filing the Reverse Stock Split Certificate of Amendment with the Secretary of State of the State of Delaware or at a later date and time set forth therein, if any, which effective time is referred to as the “reverse stock split effective date”. Beginning on the reverse stock split effective date, each certificate representing pre-reverse stock split shares will be deemed for all corporate purposes to evidence ownership of post-reverse stock split shares. The text of the Reverse Stock Split Certificate of Amendment is set forth in [Appendix A](#) to this proxy statement. The text of the Reverse Stock Split Certificate of Amendment is subject to modification to include such changes as may be required by the office of the Secretary of State of the State of Delaware and as the Board deems necessary and advisable to effect the reverse stock split, including the applicable ratio for the reverse stock split.

After the reverse stock split effective date, the Common Stock will have a new CUSIP number, which is a number used to identify securities, and stock certificates with the old CUSIP number will need to be exchanged for stock certificates with the new CUSIP number using the procedures described below.

Exchange of Stock Certificates

As soon as practicable after the effective date of the reverse stock split, stockholders holding certificated shares will be notified that the reverse stock split has been effected. American Stock Transfer and Trust Company, LLC, the Company’s transfer agent, will act as exchange agent for purposes of implementing the exchange of stock certificates. Holders of pre-split shares in certificated form will be asked to surrender to the exchange agent certificates representing pre-split shares in exchange for certificates representing post-split shares in accordance with the procedures to be set forth in a letter of transmittal that will be delivered to the stockholders. No new certificates will be issued to a stockholder until the stockholder has surrendered to the exchange agent his, her or its outstanding certificate(s) together with the properly completed and executed letter of transmittal.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT THEIR STOCK CERTIFICATES UNTIL THEY RECEIVE A TRANSMITTAL FORM FROM THE EXCHANGE AGENT.

STOCKHOLDERS ARE ENCOURAGED TO PROMPTLY SURRENDER CERTIFICATES TO THE EXCHANGE AGENT FOLLOWING RECEIPT OF TRANSMITTAL FORMS IN ORDER TO AVOID HAVING SHARES POSSIBLY BECOMING SUBJECT TO ESCHEAT LAWS.

Stockholders whose shares are held by their stockbroker do not need to submit old share certificates for exchange. Their accounts will automatically reflect the new quantity of shares based on the selected reverse stock split ratio. Beginning on the reverse stock split effective date, each certificate representing pre-split shares will be deemed for all corporate purposes to evidence ownership of post-split shares.

Treatment of Fractional Shares

To avoid the existence of fractional shares of Common Stock after the reverse stock split, fractional shares that would be created as a result of the reverse stock split will be rounded down to the next whole share and the stockholder will receive cash equal to the market value of the fractional share, determined by multiplying such fraction by the closing sales price of the Common Stock as reported on the Nasdaq on the last trading day before the reverse stock split effective date (as adjusted to give effect to the reverse stock split). The ownership of a fractional share will not give the holder any voting, dividend or other right except to receive the cash payment therefor. If a stockholder is entitled to a cash payment in lieu of any fractional share, a check will be mailed to the stockholder’s registered address as soon as practicable after the reverse stock split effective date. By signing and cashing the check, stockholders will warrant that they owned the shares of Common Stock for which they received such cash payment.

No Appraisal Rights

Under the Delaware General Corporation Law, our stockholders do not have a right to dissent and are not entitled to appraisal rights with respect to the proposed Reverse Stock Split Certificate of Amendment to effect the reverse stock split, and we will not independently provide our stockholders with any such rights.

Material Federal Income Tax Consequences

The following discussion of certain U.S. federal income tax consequences to the Company's stockholders of the reverse stock split, if effected, does not purport to be a complete discussion of all of the possible U.S. federal income tax consequences and is included for general information only. It is not intended as tax advice to any person and is not a comprehensive description of the tax consequences that may be relevant to each stockholder's own particular circumstances. The discussion is based on the Internal Revenue Code of 1986, as amended (the "**Code**"), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this proxy statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the U.S. federal income tax consequences of the reverse stock split.

This discussion addresses the U.S. federal income tax consequences only to a stockholder that is (i) a citizen or individual resident of the United States, (ii) a corporation organized in or under the laws of the United States or any state thereof or the District of Columbia or otherwise subject to U.S. federal income taxation on a net income basis in respect of the Common Stock, (iii) a trust if (1) a U.S. court is able to exercise primary supervision over administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person, or (iv) an estate whose income is subject to U.S. federal income taxation regardless of its source. This discussion addresses only those stockholders who hold their pre-reverse stock split shares as "capital assets" as defined in the Code (generally, property held for investment), and will hold the shares received in the reverse stock split as capital assets. Further, it does not address any state, local, foreign or other income tax consequences, nor does it address the tax consequences to stockholders that are subject to special tax rules, such as, without limitation, stockholders who are subject to the alternative minimum tax, banks, insurance companies, regulated investment companies, personal holding companies, stockholders who are not "United States persons" as defined in Section 7701(a)(30) of the Code, U.S. persons whose functional currency is not the U.S. dollar, broker-dealers, tax-exempt entities, or S corporations, partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (or investors therein). If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds pre-reverse stock split shares of the Common Stock, the U.S. federal income tax treatment of a partner of the partnership will depend on the status of the partner and the activities of the partnership and upon certain determinations made at the partnership level. Partners in partnerships holding the Common Stock are urged to consult their own tax advisors about the U.S. federal income tax consequences of the reverse stock split.

Stockholders are advised to consult their own tax advisers regarding the U.S. federal income tax consequences of the reverse stock split in light of their personal circumstances and the consequences under state, local and foreign tax laws, and also as to any estate or gift tax considerations.

Exchange Pursuant to Reverse Stock Split

No gain or loss will be recognized by a stockholder upon such stockholder's exchange of pre-reverse stock split shares for post-reverse stock split shares pursuant to the reverse stock split, except to the extent of cash, if any, received in lieu of fractional shares, further described in "*-Cash in Lieu of Fractional Shares*" below. The aggregate tax basis of the post-reverse stock split shares received in the reverse stock split, including any fractional share deemed to have been received, will be equal to the aggregate tax basis of the pre-reverse stock split shares exchanged therefor, and the holding period of the post-reverse stock split shares will include the holding period of the pre-reverse stock split shares.

Cash in Lieu of Fractional Shares

A stockholder who receives cash in lieu of a fractional post-reverse stock split share should generally be treated as having received such fractional share pursuant to the reverse stock split and then as having exchanged such fractional share for cash in a redemption of such fractional share. The amount of any gain or loss should be equal to the difference between the ratable portion of the tax basis of the pre-reverse stock split shares exchanged in the reverse stock split that is allocated to such fractional share and the cash received in lieu thereof. In general, any such gain or loss will constitute a long-term capital gain or loss if the stockholder's holding period for such pre-reverse stock split shares exceeds one year at the time of the reverse stock split. Deductibility of capital losses by holders is subject to limitations. Depending on a stockholder's individual facts and circumstances, it is possible that cash received in lieu of a fractional share could be treated as a distribution under Section 301 of the Code, so stockholders should consult their own tax advisors as to that possibility and the resulting tax consequences to them in that event.

The Company will not recognize any gain or loss as a result of the reverse stock split.

ADDITIONAL INFORMATION

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires that the Company's directors, executive officers and persons who beneficially own more than 10% of a registered class of its equity securities, file with the SEC reports of ownership and changes in ownership of its common stock and other equity securities. Executive officers, directors and greater than 10% beneficial owners are required by SEC regulation to furnish the Company with copies of all Section 16(a) reports that they file. Based solely on the Company's review of such filed forms and representations from our directors and executive officers that no other forms were required, to our knowledge, other than a Form 4 filed by D. Gordon Strickland on February 2, 2022, which was filed two days after the required filing date, all of the Company's Directors and executive officers, and other persons who owned more than 10% of the Company's outstanding common stock, fully complied with the reporting requirements of Section 16(a) during fiscal year 2022.

“Householding”-Stockholders Sharing the Same Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our Annual Report on Form 10-K and proxy materials unless the affected stockholder has provided other instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

We expect that a number of brokers with account holders who are our stockholders will be “householding” our Annual Report on Form 10-K and proxy materials. A single set of an Annual Report on Form 10-K and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from one or more of the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting your broker.

Upon written or oral request, we undertake to promptly deliver a separate copy of the Annual Report on Form 10-K and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Annual Report on Form 10-K and other proxy materials now or in the future, you may write to NeuroBo Pharmaceuticals, Inc., 200 Berkeley Street, 19th Floor, Boston, Massachusetts, 02116, Attention: Adam Perlish or via email at info@neurobopharma.com, or call at (800) 736-3001.

Any stockholders who share the same address and currently receive multiple copies of our Annual Report on Form 10-K and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about “householding” or our Director of Finance at the address or telephone number listed above.

OTHER MATTERS

The Board does not presently intend to bring any other business before the meeting, and, so far as is known to the Board, no matters are to be brought before the meeting except as specified in the notice of the meeting. As to any business that may arise and properly come before the meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.
